

My name is Terri M [REDACTED]. I came to the Glass house a little over a year ago. My addiction had led me to the Glass house. And I had distanced myself away from God.

I did the Christian 12 Steps here which helped. But my turning point was when I went through the life skill program. The facilitators are very knowledgeable. But there is one that I feel God sent to me. Her name is Emily. I feel so comfortable w/ her. And asked many questions which she always has the answers.

I feel my stay at the Glass house has brought me closer to God. And I feel more at peace w myself.
